Office 365 Apps & Tools

Office suite
Word, Excel, PowerPoint, OneNote, Publisher, Access.

Office on PCs, tablets and phones
Each user can install Office on 5 PCs or Macs, 5 tablets (Windows, iPad, and Android), and 5 phones.

Secure business-class email and calendars
Use business-class email through familiar Outlook experience.

Microsoft security and compliance center
Monitor your overall compliance posture, review recommended actions, and configure settings to meet complex compliance obligations.

Document and email access control
Rights Management Services enables you to restrict access to documents and email to specific people.

Advanced information protection
Data loss prevention and encryption across Exchange Online, Skype for Business, and SharePoint Online help keep your content safe in email, IM, meetings and team sites.

Online meetings
Host online meetings with audio, HD video, and web conferencing over the Internet. Join meetings with a single touch or click from the smartphone, tablet, or PC of your choice.

Modern digital workspace
Connect your team with Microsoft Teams in Microsoft 365, where chat, content, people and tools live together.

Teams live event
Microsoft Teams live events are an extension of Teams meetings that enable you to schedule and produce events that stream to large online audiences!

Windows defender antivirus
Protect against software threats like viruses, malware, and spyware across email, apps, the cloud, and the web.

Microsoft cloud app security
View apps used in your organization, identify and combat cyberthreats, and monitor and control data travel in real time.

Analytics tools
With the live dashboards and interactive reports of Power BI Pro non-technical users can visualize and analyze data with greater speed, efficiency and understanding.

Secure cloud file storage and sharing
OneDrive for Business gives each user personal cloud storage that can be accessed from anywhere and syncs with their PC/Mac for offline access.

Intranet and team sites
Inform and engage your organization and connect people to content, expertise, and processes with team sites through SharePoint. Tell your story with beautiful sites.

Corporate social network
Yammer collaboration software, share information across teams and organise around projects so they can communicate further, faster.

Office Online
Create and edit Word, OneNote, PowerPoint, and Excel documents from any modern browser.

Work management
Planner makes it easy for your team to create new plans, organise and assign tasks, share files, chat about what you're working on and get updates on progress.

Professional digital storytelling
With Sway, a new Office 365 app, you can easily create engaging, interactive web-based reports, presentations, newsletters, training material and more—right from your phone, tablet or browser.

System configuration manager
Deploy software, protect data, monitor health, and enforce compliance across all devices in an organization within a unified management console.

Intelligent search and discovery
Discover content and expertise across your organization with intelligent search across all your data sources including SharePoint, Delve, and Office apps.

Microsoft stream
Engage and inform with intelligent video.

Phone system and voice mail
Enable call control and PBX capabilities in the cloud with Microsoft Teams.

Advanced compliance
Perform risk assessments across Microsoft Cloud services, automatically protect and govern sensitive data throughout its lifecycle, and efficiently respond to regulatory requests.

Azure advanced threat protection
Protect enterprise hybrid environments from multiple types of advanced targeted cyberattacks and insider threats.

Power BI Pro
Deliver insights to enable fast, informed decisions with business analytics.

Staff workers
Connect your workers to the information they need to do their job for the day. Microsoft StaffHub provides convenient scheduling, content sharing and workgroup messaging.

Microsoft 365 data loss prevention
Use automatic or ad-hoc policies to protect sensitive messages regardless of the recipient's email domain.

Power Automate for Office 365
Make repetitive tasks easy with workflow automation.

Windows 10 Enterprise
Experience our most powerful operating system with built-in security, manageability, and productivity features.

Reliability
Get peace of mind knowing your services are available with a guaranteed 99.9% uptime, financially backed service level agreement (SLA).

Privacy
Your data belongs to you. Microsoft does not scan emails or documents for advertising purposes.

Administration
The admin portal provides IT detailed configuration options for your services, either from an online portal or through automated management with PowerShell commands.

Up to date
Updates are included in your subscription. New features are rolled out to Office 365 customers regularly.

Active directory integration
Manage user credentials and permissions. Single sign-on and synchronization with Active Directory.

Support
24/7 phone support for all IT issues. For less urgent issues, you can create service requests directly through the admin portal.

FastTrack

Microsoft FastTrack for Office 365
Microsoft FastTrack for Office 365 is our customer success service designed to help you move to Office 365 smoothly and with confidence and realize business value faster.
